Elaine --

looks good. I'd add one thing to the public participation section (Section VII). Add a sentence in the end that says something like "A summary of the public comments and EPA responses have been included as Attachment xxx to this ESD.

Beyond that, just make sure you delete all of the little "comment bubbles" generated by MSWord in the margins, I saw one left in there in the responsiveness summary.

Subject: Final ESD and Response to Comments for Cell #1

All,

Attached is the final ESD and response to comments for cell #1. Note that Figure 1 (shows cell#1) and Table 4 (last years groundwater monitoring results) are not shown in the document (word) but will be when it gets signed and "pdf'ed". Let me know if you have any additional comments on this as we need to get it out in short order.

Thanks,

Elaine
